TRUCKS | TRAILERS | PASSENGER VEHICLES | CUSTOMISED TRANSPORT VEHICLES

STARTER MOTORS, ALTERNATORS & BATTERIES

Our expert technicians can **assess, diagnose & repair** all auto electrical concerns. From starter motors & alternators through to batteries, you can be assured that our techs can provide a solution to get you back on the road quickly.

LIGHTS

Let us light your journey. Explore our extensive range of **driving lights, light bars and work lights** for all vehicles including;

- **Trucks**
- Utes
- **4WDs**

AIRCONDITIONING

ATR specialises in installing, servicing and repairing **front, rear & cabin AirConditioning systems** for all vehicles and applications. Whether you're carrying **people, animals or sensitive freight**, ATR can cater for the appropriate AirConditioning in:

- **Trucks**
- Vans
- **Bus/Coaches**
- Truck Sleeper Bunks

WE USE REPUTABLE BRANDS SUCH AS DOMETIC & SLEEP AIR UNITS TO ENSURE THAT YOU'RE KEPT COOL ON THE MOVE.

CAMERAS

Protect your drivers and vehicles with **rear, driving & forward facing cameras**. The high definition video footage can be **viewed on your mobile device** for easy accessibility.

So whether you're driving your vehicle or it's parked on the street, the cameras can record the surrounding environment to present for insurance or personal purposes.

DUAL BATTERIES

Have peace of mind on the road with a dual battery setup. Charge the batteries whilst driving to ensure you are ready to go at your next destination for running accessories or power for those longer stays.

WE PRIDE OURSELVES ON
CUSTOMISING A FITOUT SOLUTION
FOR YOUR NEEDS TO MINIMISE
IMPACTED SPACE IN YOUR VEHICLE.

ACCESSORIES

Being on the road doesn't mean you have to miss out. Fitout your cabin with the creature comforts that we have become used to, including;

- **Televisions/Monitors**
- Microwaves
- **Vacuums**
- Fridge/Freezers

ATR is an authorised reseller of **all Dometic products** which ensures you have the best quality fitout for your requirements.

FLEET SERVICES

TYRE INFLATION SYSTEMS

Undulating terrain can be a tough one to navigate, especially whilst fully loaded. Altering your tyre pressure can not only make for a more comfortable drive but also **decrease the wear and tear on your vehicle.**

However, to pull over and increase or decrease the tyre pressure can be time consuming and inconvenient, but what if you could do this with the press of a button? Air CTI allows you to do just that!

Gain the ability to adjust your tyre pressure to suit your weight and road conditions to not only improve your safety but also make for a more comfortable drive.

GPS TRACKING

Tracking your fleet is more than just seeing the location of your vehicles. Software such as GEOTAB, provides you with **an abundance of valuable data at your fingertips.** With it's user-friendly interface, GEOTAB can:

- **Reconstruct accident data to support insurance claims**
- Track fuel usage, economy and idling time
- **Notify you of mechanical faults and service reminders**
- Provide advanced customised reporting tailored to your company

All of this comes from a compact GO device that is installed in each of your vehicles.

Reduce the stress of managing your fleet today with a simple installation of the GEOTAB GO device in your vehicles and trucks and receive accurate data to support your fleet decisions.

TRAFFIC MANAGEMENT

ATR is equipped to create solutions for all traffic management conditions. Be safe and visible on the road with:

- **Arrow Boards**
- Reversing Buzzers
- **Beacons, Rotating/Flashing Lights**
- Handbrake Alarm

WE HAVE A CONTINUAL COMMITMENT TO THE SAFETY OF OUR TECHNICIANS AND VISITORS.

From our first-class workshop to our safety-first service vehicles, our technicians have access to the best equipment available allowing your job to be completed to the highest standard.

Worker's safety is our priority which is why we ensure our technicians are up to date with regular training & education to get our employees home safely.

WE PRIDE OURSELVES ON STOCKING THE HIGHEST QUALITY AFTERMARKET AND GENUINE PARTS TO DELIVER YOU THE BEST RESULTS.
